

Books Received

The following books have been received by the Editor. Brief and generally uncritical notices are given of works of marginal crystallographic interest; occasionally, a book of fundamental interest is included under this heading because of difficulty in finding a suitable reviewer without great delay.

Acta Cryst. (1995). **A51**, 952

Highlights of chemistry as mirrored in *Helvetica Chimica Acta*. By M. V. KISAKUREK and E. HEILBRONNER. Pp. v + 985. Basel: Verlag Helvetica Chimica Acta and Weinheim: VCH Verlagsgesellschaft mbH, 1994. Price DM 248. ISBN 1-906390-08-X. A review of this book, by Robert F. Bryan, has been published in the October 1995 issue of *Acta Crystallographica Section B*, pages 892–893.

Structure correlation. Edited by J. D. DUNITZ and H.-B. BÜRGI. Two Vols, pp. xxvii + 888. Weinheim, VCH Verlagsgesellschaft mbH, 1994. Price DM 398. ISBN 3-527-29042-7. A review of this book, by R. F. Bryan, has been published in the October 1995 issue of *Acta Crystallographica Section B*, pages 894–896.

Modern crystallography, Vol. 2. Structure of crystals. (Second enlarged edition.) By B. K. VAINSHTEIN, V. M. FRIDKIN and V. L. INDENBOM. Pp. xx + 520. Berlin: Springer-Verlag, 1994. Price DM 119. ISBN 3-540-56848-4. A review of this book, by Robert F. Bryan, has been published in the October 1995 issue of *Acta Crystallographica Section B*, pages 893–894.

Vectors and tensors in crystallography. By DONALD SANDS. Pp. xvi + 228. Mineola: Dover Publications, Inc., 1995. Price (paper) US \$ 8.95. ISBN 0-486-68505-5. This is an inexpensive, unabridged, 'slightly corrected' republication of the 1982 edition of this work, reviewed in this journal in 1984 by J. Kopf [*Acta Cryst.* (1984), **A40**, 312]. In that review, the book was '... heartily recommended to every crystallographer, students of crystallography and other solid-state scientists'.
