

Don't throw good time after bad money

Louise N. Dawe<sup>a</sup> and Amy A. Sarjeant<sup>b</sup>

a. Department of Chemistry and Biochemistry, Wilfrid Laurier University, Waterloo, ON, Canada

b. The Cambridge Crystallographic Data Centre Inc., Center for Integrative Proteomics Research, Piscataway, NJ, USA

This talk will examine questions related to the value of time, money, and (possibly, hopefully!) low impact publications, in the context of the disordered structure of the methanol solvate of tetraphenylporphyrinatomanganese(III) chloride (maybe?)
